Subject: PSC Website Comments: Duke Energy rate increase

To whom it may concern:

I am writing to express my strong opposition to Duke Energy's request for a 15% rate increase. Such an increase in a commodity which all citizens depend on, in the current economic climate, would be unconscionable. Duke Energy and its stockholders are not suffering undue hardship because of their investment in new facilities; the company is still profitable.

I appreciate your consideration of my opinion.
